

Non-spark brush

6 x 19

100 YEARS
WARRANTY
LIMITED

Advantages

- Maximum safety against fire and explosion risks.
- Easier handling by its wooden handle

Uses

- Ideal for use over metal cleaning works and in explosive risk environments or in contact with flammable substances.
- Used in petroleum extraction industries, gasoline, chemical industries and plastic factories.

Benefit

- Eliminates risk of explosion or fire to prevent sparking during the cleaning of metal parts by friction.
