

SUPERIOR QUALITY AFFORDABLE TOOLS

HIGH-LEVERAGE WRENCHES

■ These Urrea assembling system wrenches allow you to work in vertical and horizontal positions in hard to reach places. Their design allows them to generate optimum torque with no possibility of any type of user injury coming from the wrench, making it a very safe high-leverage wrench.

For use in applications requiring high leverage without striking due to risk of creating sparks: mining and oil industries, etc.

High-leverage wrench bars

CODE	Diameter		Ⓛ
	Internal	External	
26HL1B	1/2"	1 1/4"	1
26HL2B	3/4"	1 17/32"	1
26HL3B	1"	1 32/32"	1

INTERNATIONAL PATENT: PCT/MX2008/000125

To be used with SAE high-leverage 1/2" bar

ITEM	Opening dimension	Length	Ⓛ
2616HL	1"	12"	1
2617HL	1 1/16"	15"	1
2618HL	1 1/8"	15"	1

To be used with Metric high-leverage 1/2" bar

ITEM	Opening dimension	Length	Ⓛ
2624MHL	24 mm	12"	1
2625MHL	25 mm	12"	1
2626MHL	26 mm	15"	1
2627MHL	27 mm	15"	1
2628MHL	28 mm	15"	1

To be used with SAE high-leverage 3/4" bar

ITEM	Opening dimension	Length	Ⓛ
2620HL	1 1/4"	17"	1
2621HL	1 5/16"	17"	1
2623HL	1 7/16"	21"	1
2624HL	1 1/2"	21"	1

To be used with Metric high-leverage 3/4" bar

ITEM	Opening dimension	Length	Ⓛ
2632MHL	32 mm	17"	1
2634MHL	34 mm	17"	1
2636MHL	36 mm	21"	1

To be used with SAE high-leverage 1" bar

ITEM	Opening dimension	Length	Ⓛ
2626HL	1 5/8"	22"	1
2627HL	1 11/16"	22"	1
2629HL	1 13/16"	24"	1
2630HL	1 7/8"	24"	1
2632HL	2"	24"	1

To be used with Metric high-leverage 1" bar

ITEM	Opening dimension	Length	Ⓛ
2641MHL	41 mm	22"	1
2646MHL	46 mm	24"	1
2650MHL	50 mm	24"	1

UAS

Structural wrenches with a lever extension feature UAS coupling (Urrea Assembling System) that allows for a faster, safe and easy assembly. This innovation was developed by URREA and is an exclusive technology.

PATENT: PCT/MX2008/000125
